

GCSE and A Level Easter Revision Courses

Prepare for your upcoming exams with our Easter crash courses tailored for GCSE and A Level students. For those in Year 11 and Year 13, our Easter courses offer an ideal opportunity to revisit key study areas, fill in any gaps in knowledge, and strengthen exam technique with plenty of past paper practice. Our experienced tutors will ensure students have the confidence and know-how to maximise marks in their exams.

About our Tutors

We're lucky to work with a fantastic team of professional tutors and teachers, many of whom have taught at some of the best state and independent schools in the country. We've hand-picked them not only for their glowing academic credentials but also for their teaching styles, engaging personalities, and inspiring enthusiasm for their subjects.

[Easter GCSE Courses](#)[Easter A Level Courses](#)

Our courses are accompanied by high-quality resources

As well as professional tuition, you'll receive resources to support your learning during and after the course.

Online Handouts

Our revision booklets break down content into digestible, bite-sized chunks, streamlining revision sessions. We also provide worked answers and mark schemes in separate booklets.

Printed Handouts

UK students receive professionally printed, bound copies, giving them the flexibility to revise at home or on the move. Please note, we can only send handouts to UK addresses.

Course Recordings

All our courses are recorded, allowing students to watch them back and revisit topics as many times as they like, whenever they like.

GCSE Revision Courses

For Year 11 students keen to jump-start their revision, our GCSE Easter crash courses are the perfect solution. Under the friendly guidance of our subject-specific teachers and with plenty of past paper practice, our courses review all the subject material, reinforcing knowledge and strengthening any weaker areas of understanding.

Held entirely online with plenty of opportunity for participation, these courses will ensure students feel well-prepared and confident as they approach their summer exams.

Structure of the day

9:30am - 4:30pm (BST)

Classes are from 9:30am to 4:30pm. Registration starts from 9:15am. There will be a 1 hour lunch break and a couple of 10 minute breaks in the morning and afternoon.

You can find a **timetable** for each course on the event page to see which topics are being covered.

A Level Easter Courses

Guided by experienced teachers, our Easter courses for Year 13 students provide a review of key topics, strengthening existing knowledge while identifying and filling gaps in understanding. With plenty of past paper practice, our tutors will help perfect exam technique, ensuring students have the skills needed to maximise their marks come exam-day.

Most A Level classes are separated by exam board and spread over four days to give students time to go over content in depth. Our core pure maths course is three days long, while our mechanics and statistics courses each span one day.

- Students wanting to revise content
- Students looking to improve exam technique.
- Year 12 students
- Students working at a grade D or below

How do our online courses work?

We use Google Classroom for our online courses

Our online revision courses take place within Google Classroom, keeping everything organised in one convenient hub. You will be emailed the link to join your classroom the day before your course starts. From here, you'll be able to access digital copies of our bespoke course resources and join the live lessons.

All our lessons are recorded and saved in the classroom allowing you to watch them back for a recap whenever you like. Any resources your tutor uses can also be added to the classroom for you to use for your revision.

Where do the live lessons take place and how do you join?

The live lessons take place on Google Meet. On the morning of the course, a 'Join' button will appear in the classroom. You click on this to join your lessons.

During the lessons, our tutors use the latest iPads and touch screen devices to replicate a real classroom environment. They can use teaching aids such as Powerpoints and a high-quality online whiteboard.

Will I get any handouts with my course?

All our courses are accompanied by high-quality revision materials. Our beautifully printed revision booklets are perfect for when you want to take your revision offline. Please ensure you book before the [printing deadline](#) to guarantee you get the booklets before the course starts. Please note, we can only send printed handouts to UK addresses.
